- Find six examples of identification that a person could use to open a bank account.
- List them in your books.

*Hint: Two answers contain 2 words.*

*Use these clues to help you:*

## STRETCH

1. What age does a person have to be to open a bank account?
2. What could a person use to show or prove where they live?
3. Why would a bank want a person to prove their nationality?
